

Flood Resilience Group

Minutes 27th February 2026

1) Welcome

2) Attendees: Andy Heer, Andre McNaughton, John Smith, Annette Scot, Catriona McDonald, Maaike Cook

Apologies: John Brown, Cllr.Donald Lothian

3) Notes Last Meeting: MoM accepted

4) Woodmill farm flooding.

Situation complicated due to ownership from farms

5) Various updates.

Glassarts Leaky Barriers update

Michael Farrel (RESP) & Andy Sykes from Tay River trust, had an expert look and approved the idea.

Michael Farrel has a group of volunteers and has risk assessments.

Robin Nisbet (Farmer on Falkland home farm) Will supply the willow whips. risk: Beavers might 'get at them'.

On high ground it will be Leaky Barriers, low grounds Brash Screens

Ewan & Andy will take a look at the willow-field.

Ewan & Catriona are measuring High levels, to calculate how many barriers are needed. A few trees need to be cut down. Willow-whips need to be long, as the burn is quite wide in places.

To be continued.

Rivertrack updates

Andy has send all updates & Pictures to Rivertrack, where to place monitors.

He is still waiting on updates, delays in answers de to a huge project

How to access data from SEPA monitors.

Sewage:

Sewage has been discovered in the river near Dunshalt.

Drains & Gully reports

Near Catriona, blocked drain.

The exact position handed to FC. FC cleared the totally blocked drain.

6) AOB:

Burn retaining walls

Kids are throwing the coping stones into the burn at Upper greens..

7) Next Meeting

Next meeting 22nd of May

Church Hall Auchtermuchty

Time: 14.00 hrs.
